Dear Sir/Madam,

My name is Manav Singh, an Indian citizen bearing passport number <add>. I am currently employed as a Business Analyst at Techsoft Info, a reputable organization based in Bengaluru, and am a full-time salaried employee at this company.

I am writing to apply for a visitor visa to Canada as I eagerly anticipate the opportunity to reunite with my dear friend and explore the beautiful attractions Vancouver, British Columbia, offers. I would appreciate your consideration of my application for a 15-day stay from August 10th to 25th, 2022. I, hereby wish to provide a detailed explanation to support my candidature and validate my visit with this application.

#### **Purpose of Visit**

As I reflect on my upcoming visit to Canada, the emotions of excitement and anticipation fill my heart with joy. The purpose of my journey holds a deep significance, as it revolves around reuniting with my dear friend, Harshit Modi. Our friendship blossomed in 2013 when we were both bright-eyed university students embarking on a journey of knowledge and personal growth together. Little did we know that our bond would stand the test of time, surviving even the distances that life placed between us. Harshit and I have shared countless memories, laughter, and heartfelt conversations through the years. We've supported each other through thick and thin, celebrating each other's successes and providing comfort during challenging times. Despite the miles separating us, our friendship remains as strong as ever, a testament to our genuine connection. This visit to Canada promises something magical – a chance to rekindle the camaraderie we hold dear. It's not just about exploring Vancouver's mesmerizing sights and experiences; it's about the opportunity to be in each other's company once more to create new memories that will enrich our friendship further. As I prepare for this journey, the thought of standing with Harshit amid the vibrant city of Vancouver fills my heart with warmth. We will roam the bustling streets, discovering hidden gems and immersing ourselves in the local culture. Our shared love for adventure will lead us to places like Stanley Park, the Vancouver Aquarium, and the breathtaking scenic views that will leave us in awe.

Beyond Vancouver's borders, our journey will take us to Quebec City, Whistler, Montreal, Victoria, and other stunning locations. These adventures will etch unforgettable memories into our hearts, becoming stories we'll cherish forever. Exploring new places is always exciting, but doing so with a dear friend elevates the experience to an entirely different level of happiness. During my time in Canada, I envision us laughing like we did during our university days, reminiscing about old memories, and creating new ones to become the foundation of our friendship's future. Sitting together, perhaps in a cozy café, sipping coffee while we talk about life's wonders and challenges, fills me with immense joy. This journey to Canada transcends a simple vacation; it's a pilgrimage to reconnect with a kindred spirit and rediscover

the joys of shared experiences. It's about embracing the beauty of friendship, understanding the changes that time brings, and cherishing the moments that life gifts us.

### **Financial status**

I would like to share that throughout my visit, I will be staying with my friend at his residence, <add address>. I have enough funds to support my living expenses, while my friend is also financially stable to support me if I incur additional costs. My family is well-settled and has decent financial establishments. We own immovable properties of CAD <add> and movable properties of CAD <add>. Also, I would like to share that my flight tickets will be booked as per my visa status.

Harshit's presence in Vancouver adds a layer of comfort to my visit. He is an Indian citizen who carries an Indian passport (V1479939). ### **Tiebacks Home**

As my excitement builds for this upcoming journey to Canada, I find it crucial to highlight the profound emotional bond I share with my parents, who are an integral part of my life and reside with me in Bengaluru. Their presence and unwavering support mean the world to me, and I hold a deep sense of responsibility towards them. They have been my pillars of strength throughout my life, encouraging me to chase my dreams with unwavering belief. My heartfelt intention is to return to their loving embrace after experiencing the wonders of Canada. My parents have been my constant source of love, care, and guidance, and it is this foundation they have provided that has fuelled my determination to achieve my goals. Understanding the significance of family ties, I am committed to returning to my home country to be with them, cherishing every moment we have together.

Beyond the emotional connection with my parents, I also have work-related responsibilities that demand my attention. As a single son, the onus of taking care of my family falls on me, and I cannot afford to stay away from my employment for an extended period. My job is not just a means of livelihood but also a way to contribute to the well-being of my parents and my home. Hence, I will return within the authorized period, balancing the joy of travel with my obligations to my parents and work. With this, I also assure you that I do not have any specific family ties in Canada and no further reasons to overstay in Canada.

### **Conclusion**

I eagerly look forward to exploring the beauty of Canada and reuniting with my dear friend. I assure you that I will behave as per the Canadian Immigration Rules and depart from the country within the authorized stay period. Kindly consider my application as that of a genuine temporary entrant and allow me the required visa permit. Thank you in advance.

Yours sincerely,  
Manav Singh
